

The HUB!

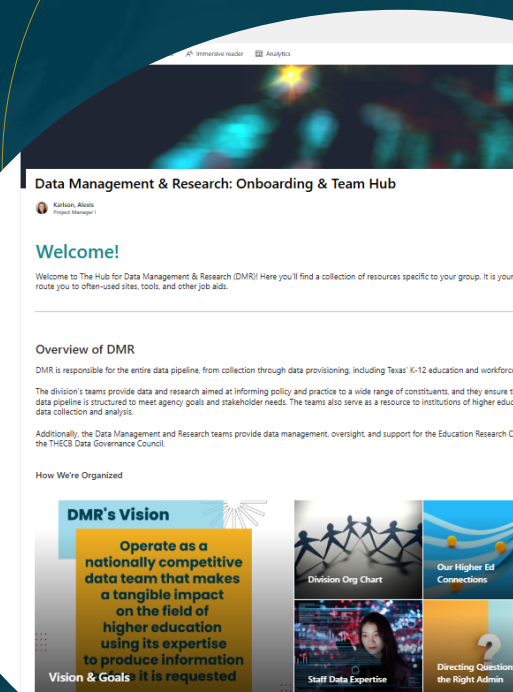

Sharing features and templates from the internal centralized resource for the Data Management & Research team at THECB

Texas Association of Institutional Research
2025 Annual Conference – Corpus Christi, TX

Alexis Karlson, Project Manager

Brian Cordeau, Deputy Assistant Commissioner, DMR

Kim De La Cruz, Data Experience Strategist

THECB Roles: Raising the Bar for Higher Ed

THECB plays a unique role as a partner, advocate, and resource to higher education institutions, students, policymakers, and other stakeholders across the state

RESOURCE

Inform decisions through actionable data, tools, and support, especially in areas with the highest needs

ADVOCATE

Shape the narrative around higher education for Texas policymakers, businesses, and the public

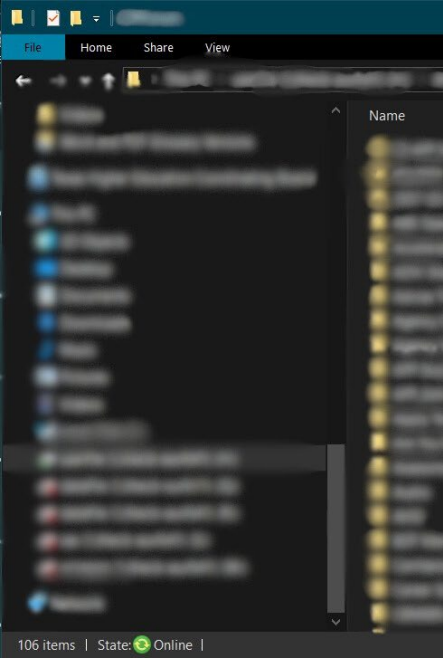

PARTNER

Collaborate with institutions to build a Talent Strong Texas and create economic opportunities for all

Data Management & Research (DMR) is responsible for THECB's **entire data pipeline** from collection through data provisioning and facilitating **data sharing agreements** with other entities such as TEA and TWC.

The division's teams provide **data and research** aimed at informing **policy and practice** to a wide range of constituents, and they ensure that the data pipeline is structured to **meet agency goals and stakeholder needs**.

Data Management & Research: Onboarding & Team Hub

**Karlson, Alexis**
Project Manager I

Welcome!

Welcome to The Hub for Data Management & Research (DMR)! Here you'll find a collection of resources specific to your group. It is your portal to route you to often-used sites, tools, and other job aids.

Overview of DMR

DMR is responsible for the entire data pipeline, from collection through data provisioning, including Texas' K-12 education and workforce data.

The division's teams provide data and research aimed at informing policy and practice to a wide range of constituents, and they ensure that the data pipeline is structured to meet agency goals and stakeholder needs. The teams also serve as a resource to institutions of higher education for data collection and analysis.

Additionally, the Data Management and Research teams provide data management, oversight, and support for the Education Research Centers and the THECB Data Governance Council.

How We're Organized

DMR's Vision

Operate as a nationally competitive data team that makes a tangible impact on the field of higher education using its expertise to produce information it is requested

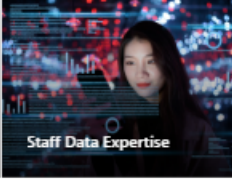

Vision & Goals

Division Org Chart

Our Higher Ed Connections

Staff Data Expertise

Directing Questions to the Right Admin

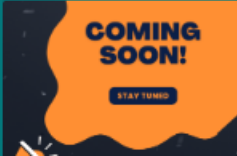

Centralized Tracking System

The CTS is the system DMR uses to manage tracking tickets for data requests and project work. All DMR staff can log their work and coach people outside the division on how to submit a data request form.

NOTE: If you have issues accessing the CTS Dashboard, open the Hub in a web browser instead of through MS Teams and try again.

DMR Learning Cafes

COMING SOON!

STAY TUNED

What we will cover

- Background
- Key elements and demo
- Iterative, sustainable maintenance & development
- Hub starter pack

What is it for?

- Initially started as an onboarding tool
 - Onboarding is labor intensive
- Expanded to cover ongoing resources
 - One stop shop for key things analysts need to know
- Tracking the work
 - Dashboard on Dashboards (and everything else we work on)
- Ongoing Development of Analysts
 - Professional Development Library (Learning Café)
 - Other PD resources

Key Elements

- Vision and Mission
- Staff Data Expertise
- DMR Forecast
- CTS Tracking Log + Dashboard
- Professional Development Activities
- Procedures and Guides
- Templates
- Standard Software

Staff Data Expertise

- Who Specializes in What?
- Helps with assigning new requests

| Expertise by Measure/Data for Ad Hoc Reporting | Current Staff - Primary | Current Staff - Secondary | Consult for Assignment |
|---|---|--|--|
|  |  |  | |
| 8th Grade Cohorts (T3) |  Sharon Wong |  Alyssa Ibarra  Amy McCurdy |  Christina Zavala |
| Accountability System -Running data |  Sharon Wong |  Christina Zavala  Chrys Dougherty  Ken Pon  Randy Gesn  Sharon Wong |  Brian Cordeau  Christina Zavala |

DMR Forecast

- Annual project planning and accountability tool
- Status Indicator

| Subject | Stop Notifica... | Staff Assigned | Secondary Staff | Assigned in CTS? | Start Month | End Month |
|---|--------------------------|--|---|---|-------------|-------------|
|  Category 1: Recurring/Annual Analysis: Reports, Memos, Forecasts | <input type="checkbox"/> | | | | | |
| Accountability System Data Runs | <input type="checkbox"/> |  Sharon Wong |  Christina Zavala  Clifford King |  | 01 January | 07 July |
| High School Graduates' GPA in Higher Ed report | <input type="checkbox"/> |  Franc Castro |  Christina Zavala  Sharon Wong |  | 01 January | 02 February |

Centralized Tracking System (CTS)

- Project tracking system and workload management

| Unique ID | Received Date* | Preferred Response Date | Intended Response Date (Internal) | Priority | Current Status | APPROVAL STATUS | Status Date | Staff Assigned |
|---|----------------|---|--|---|---|---|---|---|
|    | |  |  |   |  |   |   | |
| | 02/11/25 | 02/14/25 | 02/14/25 | Normal | Assigned | | 02/11/25 |  Alina Nepal |

Procedures and Guides

- Step-by-step guides to major projects
- Updated annually alongside project work by staff

| Data Management & Research | |
|---------------------------------|--|
| Project Title | |
| Reason for Activity | |
| Purpose | - Briefly describe the project. What is its scope? What are we trying to accomplish? |
| Authority | - What information establishes the reason and/or importance of the project? - If applicable, also provide details and/or URLs for the Texas Education Code (TEC), Texas Administrative Code (TAC), etc. that provide authority - Write - N/A if appropriate |
| Project Status | - What is the current status of the project (e.g., recurring, ongoing, strategically abandoned, planned end date reached, etc)? |
| Project Origin / Date Started | - Approximately when did the project begin? - What additional institutional knowledge can you add about the origin of this project, if any? |
| Project Conclusion / Date Ended | - Approximately when did the project end? - What additional institutional knowledge can you add about how the project concluded? - Mark as N/A if still ongoing |

Templates

- Templates for common documents
- Maintain consistency across the division

Procedures & Templates

Refer to the [DMR Procedures Guide](#), as well as the [Procedures folder](#), for information on the various analyses and reports that DMR routinely completes.

Looking for a template for a new project? Select from the list below:

- Add a new procedure to the Procedures Guide: [Procedures Template](#)
- Build a Power BI dashboard with agency theme colors and fonts: [Power BI Template](#)
- Document methodology for a CTS analysis or data request: [CTS Methods Template](#)
- Create a project charter: [PMIO Project Charter Template](#)
- Access agency-branded templates and resources (e.g., presentation decks, logos, MS Word report, etc): [THECB Intranet](#)

Software + Connections

- What software is needed to get job done
- Makes it easier to get this to ITS to get computer set up

| Software | All |
|---|-----|
| SAS | x |
| SQL Server Management Studio (SSMS) | x |
| Power BI Desktop | x |
| R | x |
| Anaconda | x |
| Standard MS Office Suite (Teams, Outlook, | x |
| Adobe | x |
| VS Code | x |
| Google Chrome | x |
| Azure Data Studio | x |
| Ultra Edit | |
| Visio | |
| Azure DevOps | |
| Git | |
| SnowSQL | |
| Snowflake ODBC driver for SAS | |
| Notepad ++ | |
| Erwin | |

And So Much More....

- Data Suppression Policy
- Flowcharts on
 - How to route PIRs
 - How to route data requests
- Links and background on major projects and tools
- New employee resources
 - Supervisor checklist (pre and post first day)
 - First four weeks onboarding plan

How it was built

- Identified what employees needed at different stages
- Prioritized and organized planned content to develop draft layout
- Gathered and developed core content
- IT created the SharePoint site; DMR built out the content
- Developed sustainability plan

Live Demo

- Workflow
- CTS Dashboard
- Templates Review
- Learning Café Review
- Procedures Guide

Leaving Space for Evolution

- Now that we have the HUB
 - New documents and dashboards added
 - Slide deck links
 - ...etc
